

Earth Day Idaho

WE NEED YOUR HELP!

www.earthday-idaho.org

Mission Statement: Earth Day Idaho, celebrating preservation and forward thinking to educate the community regarding an individual's input towards sustainable and healthy living.

A group of area businesses, organizations, and individuals are once again working together to organize and hold an Earth Day Celebration in Twin Falls. This is an opportunity to promote environmental awareness in our community, demonstrate your commitment to promote environmentally friendly activities and products, and improve the quality of our environment by teaching our young people that our environment and heritage are worth their time and attention.

Conservation Seeding & Restoration, Inc. is pleased to be among those leading the organizing effort for our 2008 event. There will be space for educational displays, product sales, and games sponsored by businesses and non-profit groups. Throughout the day there will also be educational presentations and entertainment by various groups from the Magic Valley.

The event will take place April 26, 2008, from 10 am—4:30 pm followed by a concert that night featuring The Clumsy Lovers and Buckskin Bible Review at the Radio Rondevoos in downtown Twin Falls. If you or your organization is interested in participating with a booth, presentation, donating supplies, volunteering or sponsoring in any way, please contact Conservation Seeding & Restoration, Inc. at 423-4835.

Ideas for sponsoring: T-Shirts, Balloons, TV, Radio and print advertising, give-aways, prizes for games, coloring contest, essay contest and project grants
