

Earth Day Idaho

Downtown Trash Clean-up

www.earthday-idaho.org

Mission Statement: Earth Day Idaho, celebrating preservation and forward thinking to educate the community regarding an individual's input towards sustainable and healthy living.

A group of area businesses, organizations, and individuals are once again working together to organize and hold an Earth Day Celebration in Twin Falls. This is an opportunity to promote environmental awareness in our community, demonstrate your commitment to promote environmentally friendly activities and products, and improve the quality of our environment by teaching our young people that our environment and heritage are worth their time and attention.

This year we are planning to do a trash clean-up walk in downtown Twin Falls. We will be meeting at the Twin Falls City Park in the morning and walking through downtown collecting trash with the route ending at the Radio Rondevo. We are in need of participants for the walk, trash bags and supplies. If you or your organization is interested in participating, or sponsoring in any way please contact Conservation Seeding & Restoration, Inc. at 423-4835 for more details.

2008 Earth Day Idaho Celebration
